2023 - LANDOWNER PERMISSION HUNTS

Landowner Permission Hunts (LPH)

LPH hunts are a form of depredation hunt. They are established in areas with chronic depredation conflicts. These hunts cannot be applied for during a controlled hunt application period. Landowner Permission Hunt vouchers, a triplicate form provided by the Idaho Department of Fish and Game (IDFG), are provided to landowners prior to the season or upon verifying a depredation problem that cannot be resolved by non-lethal methods. Landowners can then distribute the vouchers to eligible hunters who may redeem the voucher for a tag. Like other controlled hunts, LPH hunts have unique hunt area boundaries and season dates, see pages 6-8.

Landowner Eligibility

Landowners experiencing, or are likely to experience, elk or pronghorn depredation, and that own more than 159 acres in an LPH hunt area are eligible to receive Landowner Permission Hunt vouchers (IDAPA 13.01.08.257).

Distribution of Vouchers

Vouchers are distributed on an as-needed basis once an active or likely depredation event has been verified by IDFG personnel. In some hunt areas, a portion of the vouchers are distributed proactively to landowners with chronic depredation issues. The remaining vouchers are provided to landowners as needed in response to verified depredations. Landowners that utilize all of their allotted vouchers and are still experiencing damage may be eligible for additional vouchers.

Application Fee

LPH tags are treated as a controlled hunt; therefore, any hunter purchasing an LPH tag must pay the appropriate controlled hunt application fee (resident fee is \$6.25 and non-resident fee is \$18.00).

Special Restrictions

LPH participants may hunt only within the boundaries described in the hunt area designated by IDFG.

No person shall kill more than one (1) deer, elk or pronghorn in a calendar year **except**:

- An additional deer, elk or pronghorn may be taken by persons holding tags for special depredation hunts.
- When an additional deer or elk is taken in an “extra” deer or elk hunt when the taker has a tag for that hunt. A person is allowed only one (1) extra tag per species in a calendar year.
- An additional deer or elk may be taken by persons who have purchased leftover nonresident deer or elk tags.
- An additional deer, elk, or pronghorn may be taken by persons holding a Super Hunt or Super Hunt Combo tag(s) for the given species.

In no event shall any person take more deer, elk, pronghorn or black bear during a calendar year than the number of tags they legally possess for each species.

Motorized Hunting Restriction

Use of motorized vehicles by hunters as an aid to hunting is restricted in certain areas. The rule does not apply to private lands with permission from the landowner.

See the 2023 Big Game Seasons and Rules brochure, Pages 104-106, for complete rules on motorized hunting restrictions.

Mandatory Report Requirements

All deer, elk and pronghorn hunters are required to complete a Mandatory Hunter Report for each tag they purchase. Hunters are required to submit a report by phone or internet, for each tag they purchase, within 10 days after harvest. Hunters who do not harvest are required to report within 10 days after the close of the hunting season for which their tag was valid.

Report your hunt online, by signing into your IDFG account at GoOutdoorsIdaho.com or idfg.idaho.gov/hunt/report.

To submit your hunter report by phone with a live operator, 7 days a week, between 7:00 a.m. and 10:30 p.m. MST, call toll free 1-877-268-9365 (excluding major holidays).

LPH FAQ's

How many vouchers am I (the Landowner) eligible for? Distribution of vouchers is done on a case-by-case basis at the discretion of the IDFG staff. Regional IDFG staff will evaluate depredations individually and decide the appropriate number of vouchers to distribute. Voucher distribution is not tied to acreage size but rather to the location and extent of depredations. Contact your regional Landowner Sportsman Coordinator for more information.

Who can I give a voucher to? Any legal hunter who is eligible to possess an Idaho hunting license for the current calendar year, and HAS NOT already possessed a similar tag type for the indicated species in the current calendar year, is eligible to receive a voucher and redeem it for a tag. This applies to both resident and non-resident hunters.

Can I have an LPH tag and other tags: Most LPH tags for elk and pronghorn are Extra tags. If a hunter has a general season tag or a controlled hunt tag that is not an Extra tag, then they may also possess an Extra tag for that same species in the same calendar year. Hunters who held an Extra tag for January/February hunts are not eligible to hold a second Extra tag for a fall hunt (for the same species) in the same calendar year (IDAPA 13.01.08.200).

Where am I allowed to hunt? LPH tags are made available for controlled hunt areas as determined by IDFG - see hunt area descriptions for each hunt. Hunt areas may be restricted to private land only. Hunters may hunt anywhere within the legal hunt area boundary where they have legal permission. For "Private Land Only" LPH hunts, the LPH voucher constitutes written permission to hunt the property of the landowner who provided the voucher. Hunters are required to obtain legal permission to hunt any other private lands within the hunt area boundary. Vouchers may be distributed to landowners with ongoing or active depredations at any time during the LPH hunt period.

If I have a voucher, am I guaranteed a tag? No, not necessarily. Depending on a specific hunt's objective, more vouchers may be distributed than tags available. This will be communicated with the landowner at the time of distribution. Please contact your regional Landowner Sportsman Coordinator for details about a specific hunt.

I've received an LPH voucher from a Landowner, when and where can I purchase the tag? Landowners and hunters must fill out and sign their respective portions of the triplicate form before a tag can be issued. Hunters can purchase an LPH tag at any Fish and Game office after July 15. Note: tags can only be purchased from Fish and Game Regional Offices or Headquarters.
